

Sonic Visualiser - Feature #136

Update for Raptor 2

2011-04-07 03:14 PM - Chris Cannam

Status:	Rejected	Start date:	2011-04-07
Priority:	Normal	Due date:	
Assignee:	Chris Cannam	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			

Description

We don't use the Raptor API directly, but we do check for it in configure -- update this check so that it works for raptor2 (or remove it? since we only use the Redland API directly). A complication is that we also use liblrd, which has not yet been updated for raptor2.

History

#1 - 2014-03-20 03:08 PM - Chris Cannam

- Status changed from New to Rejected

Out of date (we no longer use Redland at all)
