How easy each does each segment make it to imagine yourself in the environment of the story? How easy each does each segment make it to distinguish between the 3 characters (based on both sound and text)?

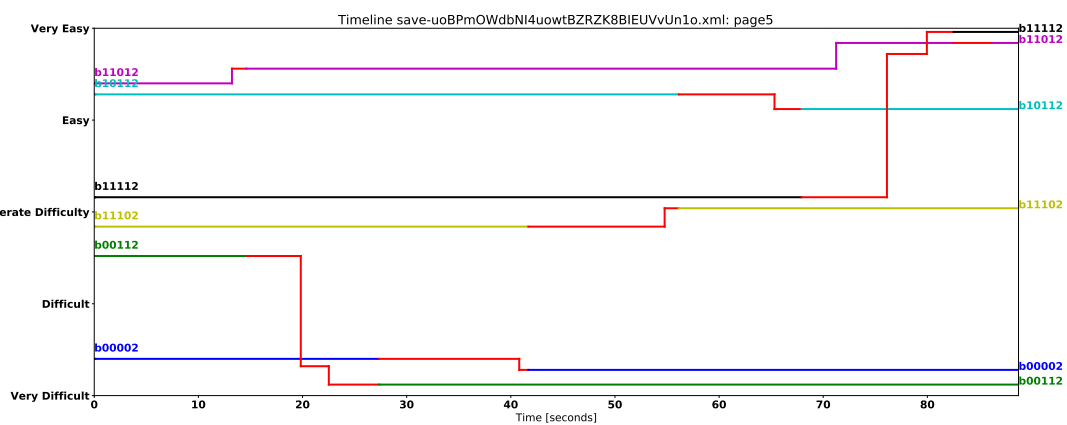

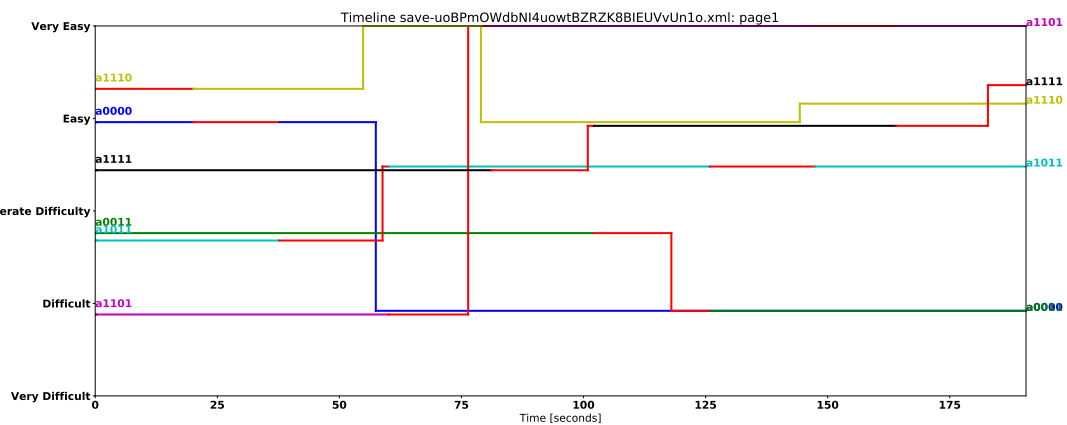

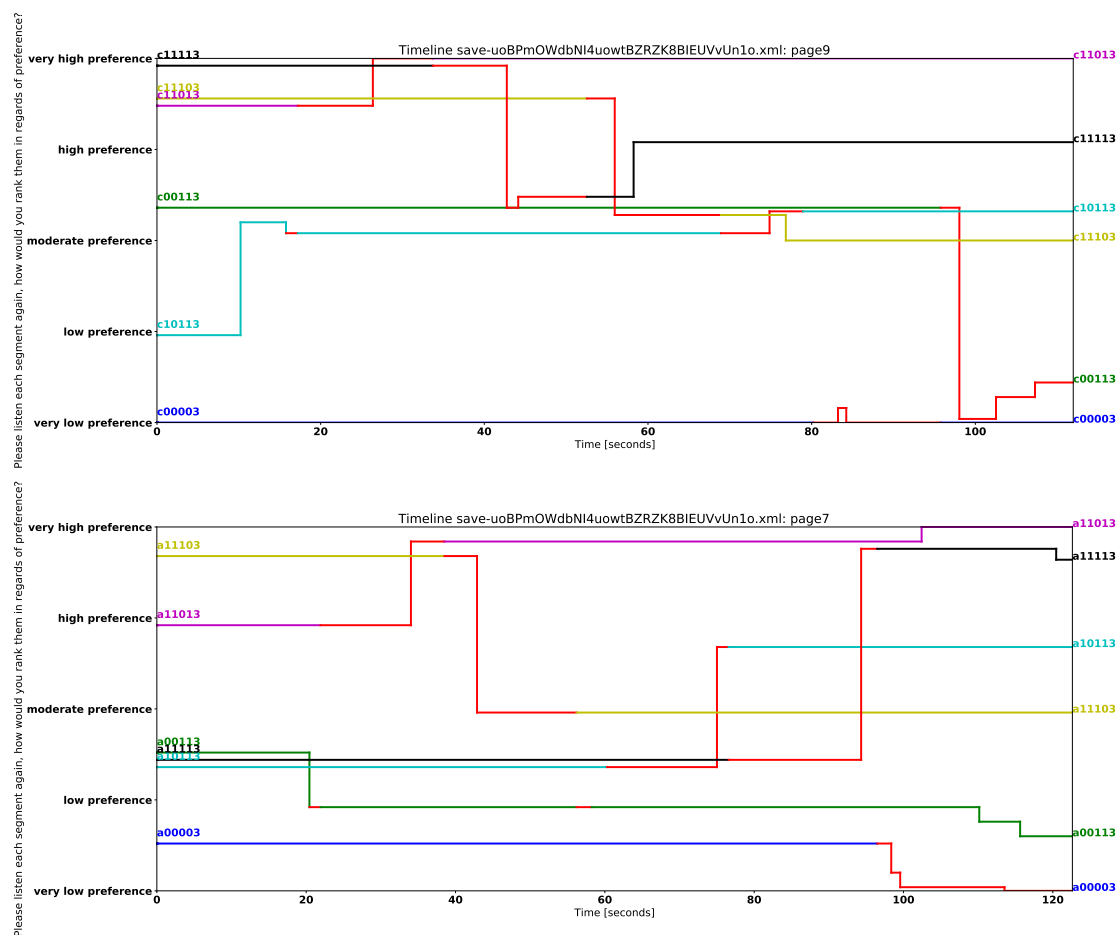

Please listen each segment again, how would you rank them in regards of preference? How easy does each segment make it to imagine yourself in the environment of the story?

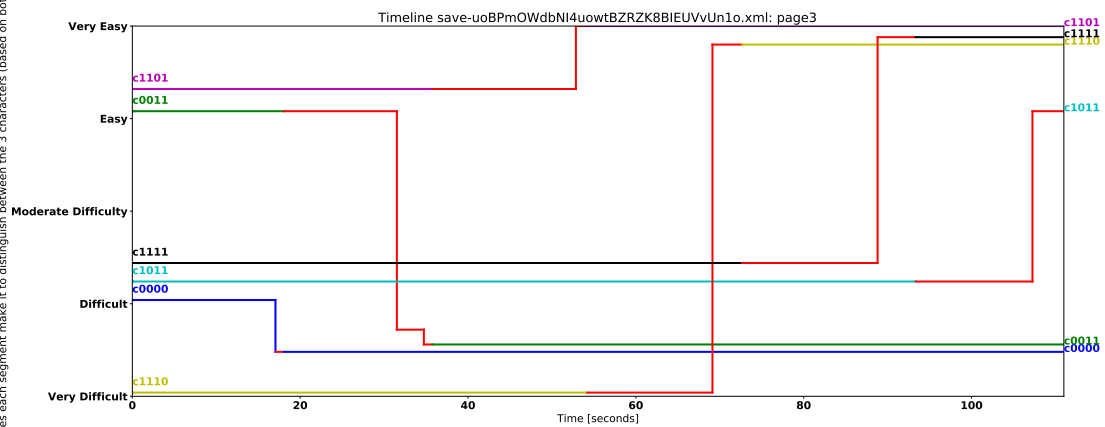

How easy each does each segment make it to imagine yourself in the environment of the story? How easy each does each segment make it to distinguish between the 3 characters (based on both sound and text)?

Timeline plot showing the difficulty of distinguishing between three characters (c0000, c1011, c0011) over time. The plot shows the time taken for each character to be distinguished, with the y-axis representing difficulty levels (Very Easy, Easy, Moderate Difficulty, Difficult, Very Difficult) and the x-axis representing time in seconds (0 to 140).

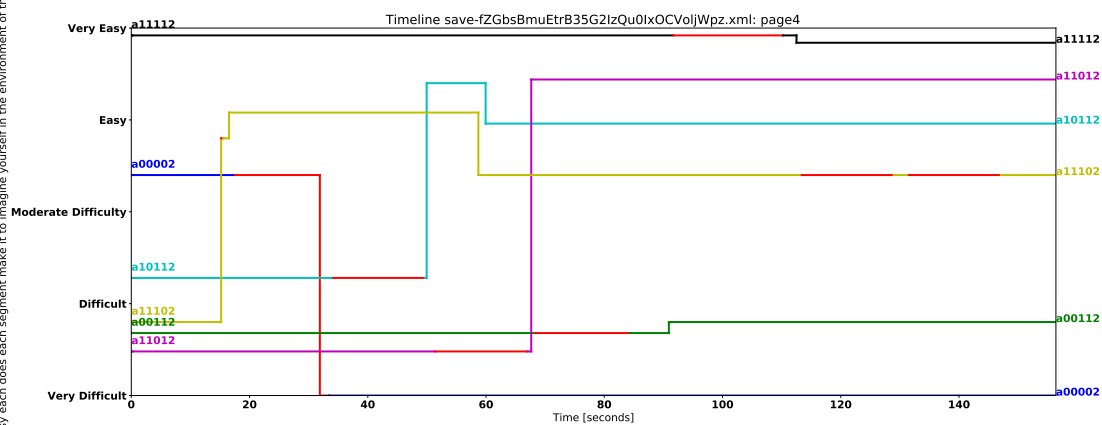

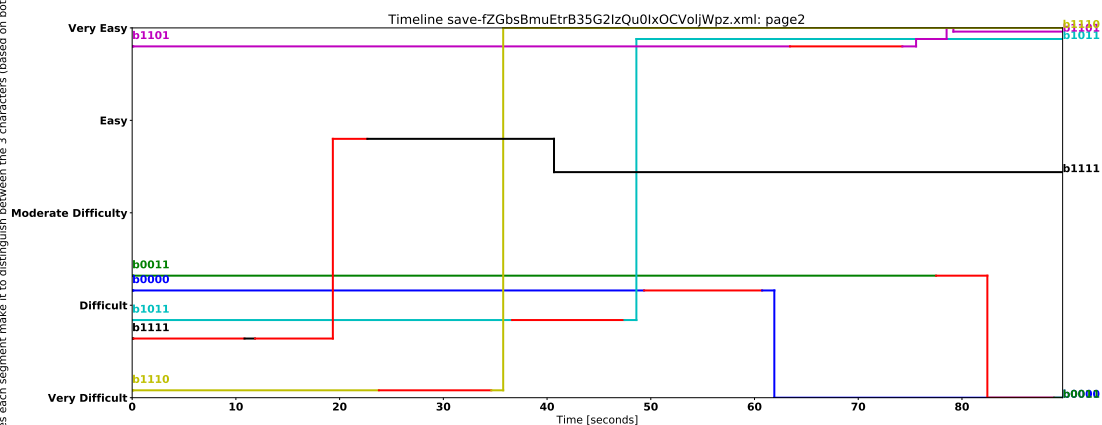

The plot displays the time taken for each character to be distinguished, with the y-axis representing difficulty levels (Very Easy, Easy, Moderate Difficulty, Difficult, Very Difficult) and the x-axis representing time in seconds (0 to 140).

How easy each does each segment make it to imagine yourself in the environment of the story? How easy each does each segment make it to distinguish between the 3 characters (based on both sound and text)?

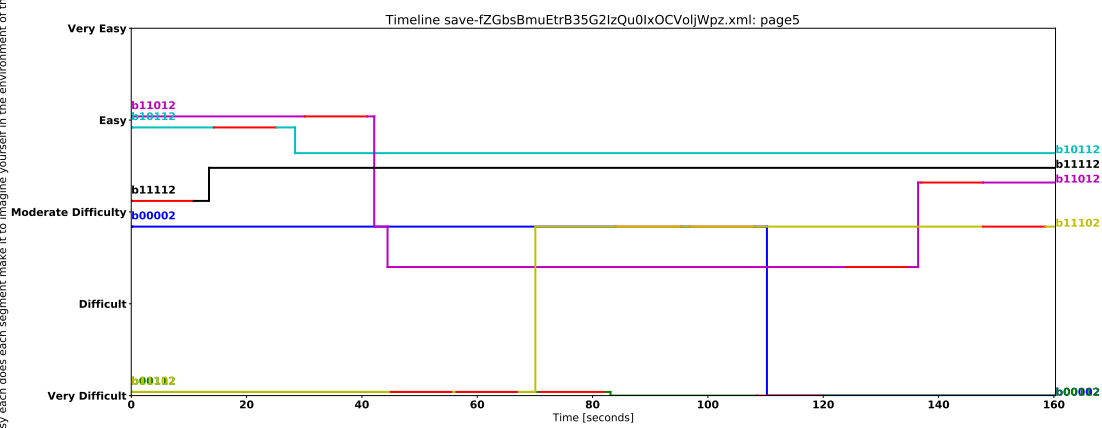

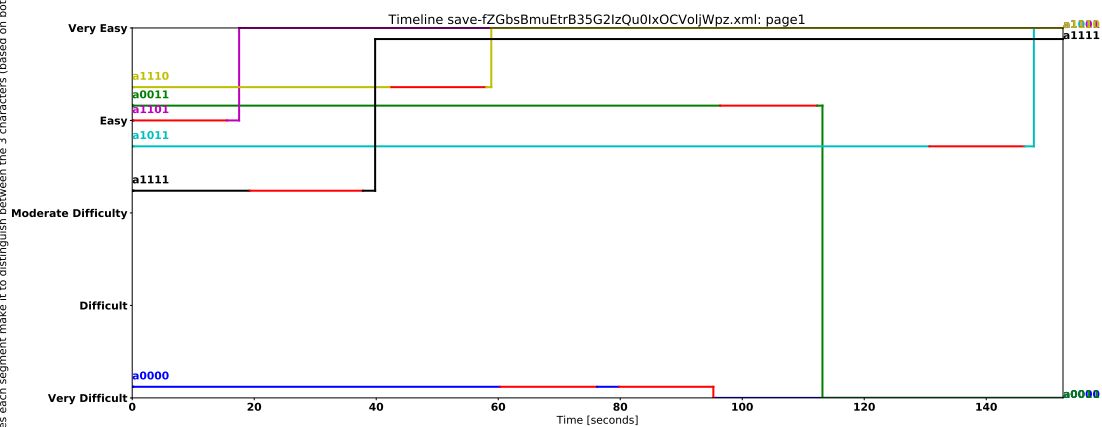

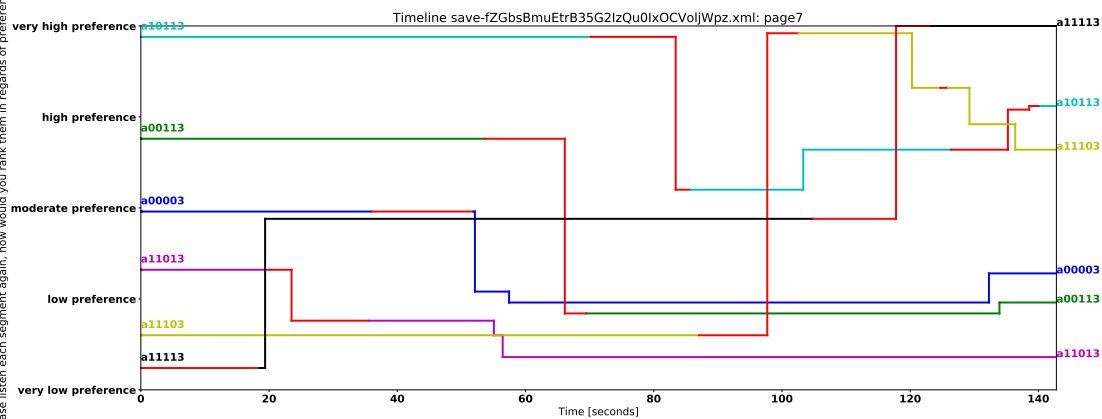

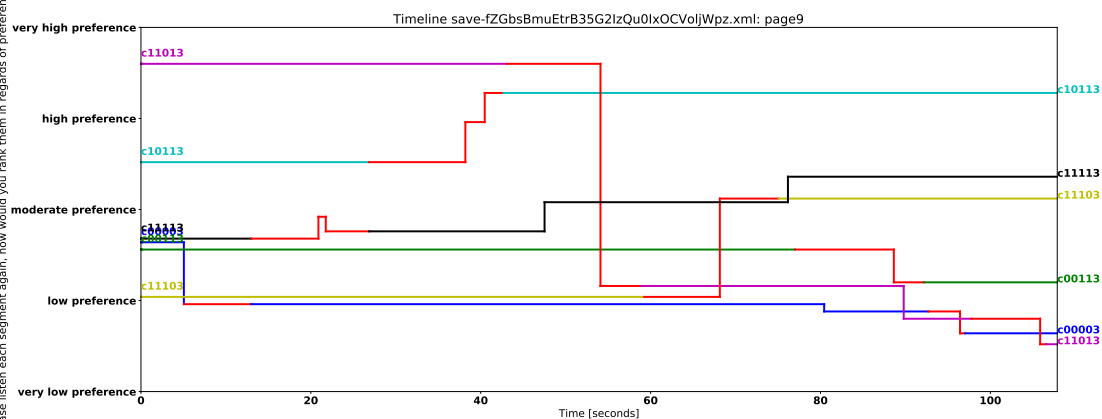

Please listen each segment again, how would you rank them in regards of preference? How easy each does each segment make it to imagine yourself in the environment of the story?

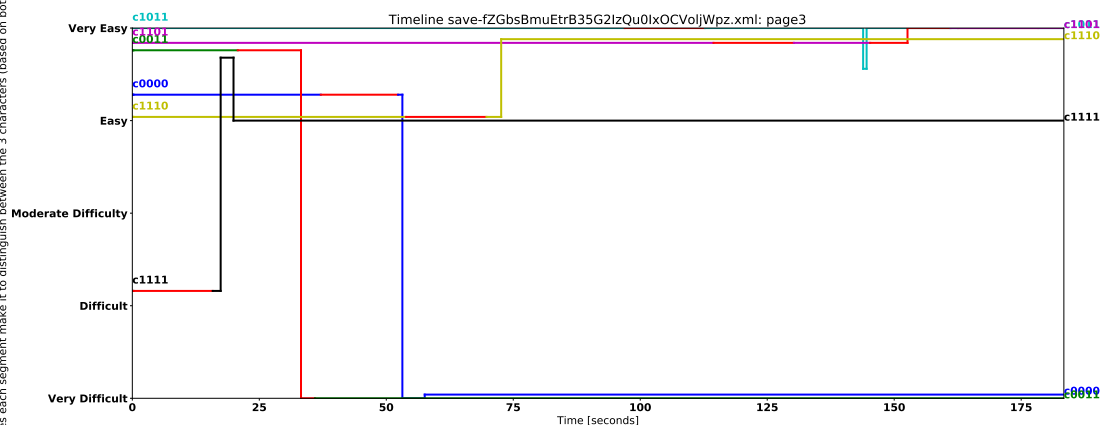

How easy each does each segment make it to imagine yourself in the environment of the story? How easy each does each segment make it to distinguish between the 3 characters (based on both sound and text)?

How easy each does each segment make it to distinguish between the 3 characters (based on both sound and text)?
