

Sonic Visualiser - Bug #1036

Number of minutes should be zero padded

2014-07-28 01:34 PM - Dan Stowell

Status:	Closed	Start date:	2014-07-28
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<p>When I play back an audio file more than 1 hour long, in the bottom-left it says:</p> <p> <i>Playing 1:5:03 of 1:5:59</i></p> <p>The seconds get zero-padding but the minutes don't. What it should show, when the time is beyond one hour, is</p> <p> <i>Playing 1:05:03 of 1:05:59</i></p>
