

Tony: a tool for melody transcription - Feature #1173 after drawing rectangle, candidate pitch track should appear immediately

2015-03-31 04:42 PM - Matthias Mauch

Status:	New	Start date:	2015-03-31
Priority:	Normal	Due date:	
Assignee:	Chris Cannam	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
After drawing rectangle, candidate pitch track should appear immediately.			
Currently, an extra Ctrl-Enter is needed to make the candidate pitch track appear, which is not helpful, I think.			

History

#1 - 2015-03-31 05:00 PM - Chris Cannam

You mean in the frequency-constrained case?

I'm sure we had some reason for this, or at least some prior discussion about it. This key workflow stuff is a bit fragile so I'm reluctant to change it just before a release without at least a decent search for where we might have discussed it previously.

#2 - 2015-04-02 05:30 PM - Rachel Bittner

I made a similar suggestion way back when:

<https://code.soundsoftware.ac.uk/issues/924>

Maybe something for v1.1?
