- Related to Feature #1359: Loudness Normalisation added

#2 - 2015-12-11 06:24 PM - Nicholas Jillings

- Status changed from New to In Progress

Implemented in dev_main, look in new example project. All values are expected to be in dB. Will add appropriate controls into test creator tool (currently does nothing with them but editing a file with them will not change them).

#3 - 2015-12-14 11:25 AM - Brecht De Man

Looking good. Before 'Resolved', someone to add to Instructions (for any future features or workflow changes as well)

#4 - 2015-12-15 10:18 AM - Nicholas Jillings

I also want to add the loudness stuff in as well before marking this resolved (this mornings' work). Definitely need to highlight the importance of it being in dB and not a linear map.
