

Web Audio Evaluation Tool - Feature #1479

Bug # 1463 (Resolved): Firefox: samples not loading

Quantising to 16-bit WAV if 24/32 not supported (Firefox)

2015-12-07 12:26 PM - Nicholas Jillings

Status:	Resolved	Start date:	2015-12-07
Priority:	Normal	Due date:

Target version:			
Description			
Automatically quantise the WAV files to 16-bit if the files cannot be decoded. Firefox does not support any WAV except 8-bit or 16-bit PCM. (See http://stackoverflow.com/questions/10404005/firefox-wont-play-wav-files-using-the-html5-audio-tag)
