

Web Audio Evaluation Tool - Bug #1661

Separate Synchronous playback and looping

2016-03-10 04:38 PM - Nicholas Jillings

Status:	In Progress	Start date:	2016-03-10
Priority:	Normal	Due date:	
Assignee:	Nicholas Jillings	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<p>Currently the <page> "loop" attribute creates a synchronous playback and looping. We should be able to loop samples without synchronous playback. If loop="true" then each sample starts from 0 but loops indefinitely. If synchronous is true all samples start together but stop once all played. Loop=true and synchronous="true" will create synchronous looped playback.</p>
