Web Audio Evaluation Tool - Feature #1662
Tidy up directory tree

2016-03-12 03:02 PM - Giulio Moro

Status:	New	**Start date:**	2016-03-12
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:			

Description

e.g.:

leave in / only files that users would go to (e.g.: index.html, test_base.php etc)

move other php files in /php

create /saves/intermediate for intermediate saves

move js in /js

css in ./css

  etc...
