

Bela - Bug #1682
Check timing consistency of the audio callback
2016-04-24 11:46 PM - Giulio Moro

Status:	New	Start date:	2016-04-24
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
The fact that the OS does its stuff in between callbacks may have side effects (e.g.: change the content of the cache, which would then need to be repopulated, slowing down the next audio callback).
