

Sonic Visualiser - Bug #1756

Selection labels cropped at end of track

2016-11-30 02:43 PM - Chris Cannam

Status: New	Start date: 2016-11-30
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description	
If you make a narrow selection at the end of an audio file, the labels that show the frame counts and duration of the selection get cropped because the "blank space" at the end of the track is overlaid on top of them.
