

Sonic Visualiser - Bug #1854

Region layer labels get erased by moving playhead

2018-11-28 09:57 AM - Chris Cannam

Status:	New	Start date:	2018-11-28
Priority:	Urgent	Due date:	
Assignee:	Chris Cannam	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
(Probably applies to other layers as well)			
Although the content of a region layer mostly remains intact as the playhead moves over it, the labels on events do not - they get "rubbed out".			

History

#1 - 2018-11-29 11:59 AM - Chris Cannam

Fixed (for Region layer at least) in commit:6e9465714d29
