Sonic Visualiser - Bug #1942
Box layer not always inheriting the right unit

2019-10-14 11:09 AM - Chris Cannam

Status:	Closed		**Start date:**	2019-10-14
Priority:	High		**Due date:**

Target version:				

Description

1. Load an audio file
2. Add a Spectrogram pane
3. Add a Time Instants layer to that pane
4. Add a Boxes layer to the same pane

Expected behaviour: Boxes layer is added with units inherited from spectrogram (Hz)
Observed: Boxes layer is added with no unit

History

#1 - 2019-10-15 09:48 AM - Chris Cannam

Almost certainly conceptually related to #1926 Display/value extents accessors in view classes are confusing and possibly contradictory

#2 - 2019-10-16 08:11 PM - Chris Cannam

- Status changed from New to Closed

Fixed in commit:95c082557ffd
