

SoundSoftware Code Site - Bug #324

Feature # 14 (New): tags for projects

Filter "widget" needs to be closer to project table

<b>Description</b>			
<p>We probably want to have the filter text box and the tags filter list in a single horizontal arrangement between the All Projects title (perhaps renamed just Projects, since it can be filtered and is no longer always showing All projects) and the project table itself.</p> <p>If these controls are all on a single line, they don't need to be hide-able.</p>
