Description			
<p>Sluggish page loads and sometimes get pages with no css styling.</p> <p>Slowness seems to be most apparent in Firefox on the mac (where it is quite annoying), Google Chrome, Safari seem to be less affected.</p> <p>css problem is not easily reproduced, but seen it at least twice in FF (Mozilla/5.0 (Macintosh; U; Intel Mac OS X 10.5; en-US; rv:1.9.2.6) Gecko/20100625 Firefox/3.6.6)</p>
