

Tony: a tool for melody transcription - Bug #911

Key and Mouse Reference includes mouse actions for tools that don't exist in Tony

Target version:			
Description			
<p>The Key and Mouse Reference window lists mouse actions for the SV tools that Tony does not use, such as the draw tool. (And it isn't up-to-date on the Tony usage of e.g. the edit tool.)</p> <p>The mouse actions texts are currently all hardcoded in Pane.cpp (registerShortcuts, lines 1214 on).</p>
